Application no: SMD/2021/0613

Determined on: 27/04/2022

**Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015
(as Amended)**

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:

167 Congleton Road Biddulph Staffordshire ST8 6QJ

Description of Development:

Request to vary condition No. 6 to new opening hours as follows: Monday to Saturday inclusive 11:30 - 21:30 including bank holidays but not open on 25th and 26th December or 1st January in any year and not open on Sundays.

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The premises shall only be open between the hours 11.30 to 21:30 Monday to Saturday inclusive including Bank Holidays except on 25th and 26th December and 1st January in any year. The premises shall not be open on Sundays, Christmas Day, Boxing Day or New Year's Day.

Reason: To avoid the risk of disturbance to neighbouring dwellings from noise during unsocial hours.

2. The parking bays indicated on the submitted plan shall be clearly delineated with five spaces provided for customer use, with the garage closed during opening hours, and shall all thereafter be maintained free from obstruction and retained for the life of the development.

Reason: To comply with NPPF Paragraph 111; to comply with SMDC Local Plan policy

DC1; in the interests of highway safety.

3. The turning area shown on the submitted drawing shall be provided and maintained free from obstruction and retained for the life of the development.

Reason: To comply with NPPF Paragraph 111; to comply with SMDC Local Plan policy DC1; in the interests of highway safety.

4. The premises shall only be open to receive deliveries between the hours 9:00 and 17:00 Monday to Saturday. The premises shall not be open for deliveries on Sundays and Bank Holidays.

Reason: To avoid the risk of disturbance to neighbouring dwellings from noise during unsocial hours.

5. The machinery, plant or equipment including air condition and ventilation systems ("machinery") installed or operated in connection with the carrying out of this permission shall be so enclosed and/or attenuated that the noise generated by the operation of the machinery shall not increase the background noise levels during day time expressed as LA90 [1hour] (day time 07:00-23:00 hours) and/or (b) LA90 [5 mins] during night time (night time 23:00-07:00 hours) at any adjoining noise sensitive locations or premises in separate occupation above that prevailing when the machinery is not operating. Noise measurements for the purpose of this condition shall be pursuant to BS 4142:1997.

Reason: To protect the local amenities from noise.

6. The design and construction criteria for development of the relevant buildings/premises shall have regard to BS 8233:1999 (British Standard 8233:1999 - Sound insulation and noise reduction for buildings - Code of Practice). The design criteria shall achieve sufficient noise reduction to ensure that the noise from the activities generated inside the fabric of the relevant buildings/premises shall not increase the background noise levels during day time expressed as LA90 [1hour] (day time 07:00-23:00 hours) and/or (b) LA90 [5 mins] during night time (night time 23:00-07:00 hours) at any adjoining noise sensitive locations or premises in separate occupation. Noise measurements for the purpose of this condition shall be pursuant to BS 4142:1997.

Reason: To protect the local amenities from noise.

7. The ventilation and filtration equipment used at the premises shall be installed correctly, shall be effectively operated and maintained in accordance with manufacturer's instructions for as long as the approved use continues.

Reason: To protect the local amenities and living conditions of the local residents from unacceptable levels of cooking odours

8. No additional exterior lighting shall be installed at the premises without first obtaining the consent in writing of the Local Planning Authority.

Reason: In the interests of the visual appearance of the development and the amenities of the area and in the interests of the living conditions of local residents.

Informatives

1. The conditions attached to permission 11/01127/FUL remain in force so far as they remain current.
2. The proposed development is judged to be of suitable design and meets the tests of sustainability in planning. There are not judged to be any adverse implications for neighbours or wider public amenity and street scene. Amendments were agreed with the agent in the course of the determination in accordance with the approach to decision making as advocated in the National Planning Policy Framework at paragraph 38.

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at BControl@staffsmoorlands.gov.uk
2. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.
3. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a “condition precedent”. The following should be noted with regards to conditions precedent:
 - a. If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - b. Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
4. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
5. The permission is granted in strict accordance with the approved plans. It should be noted however that:
 - a. Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
 - b. Variation to the approved plans will require the submission of a new planning application.
6. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
7. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority’s decision then you must do so within 12 weeks of the date of this notice.

8. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
9. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
10. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>
11. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
12. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
13. Domestic sprinklers. Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install. Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building. The chance of an accidental discharge is 16,000,000:1 If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)
14. Working smoke alarms correctly positioned in your home can save your life. The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month.

Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
