ST Classification: UNMARKED

Good Morning

Please see below in response to your consult
New Build or Non Domestic (not subject to building over process)
Having viewed the statutory sewer records, I can confirm that we have the following assets within the site boundary or close proximity with the associated protective strips

Up to and including 299mm diameter - We require 3m no build zone/protective strip, either side of the pipe (6m across the diameter).

Sewers from 300mm diameter to 999mm diameter - We require 5m no build zone/protective strip, either side of the pipe (10m across the diameter).

1000mm diameter or greater - We require 7.5m no build zone/protective strip, either side of the pipe (15m across the diameter)

Kind Regards
