Submission: Support

Comments: I support the proposal. Leek is currently at least a decade behind other towns.

The project will provide much needed local jobs.

Local businesses will in no way be affected by the proposal as they provide completely different services and products.

There should be healthy business competition in the town and there is a severe shortage in Leek of fast food, without a doubt several thousand people leave the town to visit fast food restaurants so why not encourage them to stay local and make shorter journeys.

A fast food restaurant will bring further footfall into the town. The traffic which people talk of is 500m up the road and is completely irrelevant to anything that goes on further down the road by the roundabout.
