Submission: Objection

Comments: It is worth pointing that since leaving our last comments in regards to our objection we have since had time to check with our neighbours at number 9 who were on the list to consult. They have confirmed to us that they did not receive notification of this planning proposal either. Having checked on older planning applications for Transformer House we can see that indeed numbers 3 and 5 Portland Street were both included last time but not for this current application. Why? Other owner/occupiers on Portland St also feel that they will be directly affected by this proposal but have not been consulted. It is troubling to see that wider consultations don't seem to be taking place on this which is quite a significant building proposal. We are happy to assist and be available for site inspection from the rear of our property for the case officer. Yours sincerely Nicky Hancock and Jacob Littlejones
