Submission: Objection

Comments: I would like to express my concerns regarding the current application for converting a heritage property (the old smithy) on the high street Ipstones to living accommodation, (neighboring no:18). Not only is this building of some historical interest to the village, it also will increase the ongoing issues regarding parking in this area. There is currently limited parking for the residents along this stretch of the high street and I would also like to add that there are three empty properties all within 50m of the proposed conversion, that if were inhabited (which I am sure that they will be in the future) would be also adding to the parking issue along with the proposed conversion. I feel that this information should be taken into consideration when reviewing the afore mentioned planning application. My grounds for this comment is that it would not be in the interest of the village or the highways.
