Submission: Objection

Comments: To whom it may concern, I would like to put forward my objection to this planning application due to the location and size of the build. It would cause me to lose significant light into my property from the side elevation. I am also concerned that the plans show a shower room to the ground floor with no windows. I would be keen not to have any windows if this was to go ahead as per the plans regardless of size or location of building to ensure my privacy. Also I have some concerns on how close to the property boundary this building work will take the property as this is not shown on the plans. Many thanks Adele Turnock.
