Dear Planning Department,

Fole Dairy - Application number SMD/2021/0550.

Further to my letter dated 17 May 2022, I would like to add the following to my concerns about the position of the houses close to the A522 road and the speed of traffic through Fole.

On Friday night a white van (who must have been travelling far in excess of the 30 mph speed limit), crashed through Fole dairy perimeter fence. The vehicle was travelling from Checkley towards Uttoxeter and judging from the tracks in the verge, appeared not to turn or slow down, crashing through the perimeter fence of the dairy opposite our house. This is the second serious crash at the same point in Fole in less than 2 years. It is quite frankly a miracle that there wasn't a fatality on either occasion.

If planning consent is granted without traffic calming measures, or building the houses further away from the perimeter, it would have crashed into a house.

I hope this will be taken into consideration if permission is granted for the new housing estate and remedial measures be implemented.

Kind regards

Mrs C. Flunder

May 2022 crash – Fole Dairy

Previous crash at the same spot Oct 2020.
