Hi Jane,

Comments on SMD/2021/0682 Screening for Photovoltaic Park, Tickhill Lane.

- Location plan is not great. But looks like this one is adjacent to an earlier PV site SMD/2015/0088
- Presumably the sites will be accessed directly off Tickhill Lane?
- what size of vehicles will be delivering to the site? How many? For how long?
- what will be the access route? Via Bank Top Road from A52?

Trust this is of use,

Dave
