I Oppose 'Marsh Green Road for Equestrian use'

It looks like our local property developing land lord is at it again, this time trying to turn the fields over in Marsh Green Road for 'Equestrian use'.

What this will mean locally will be numerous sheds appearing in fields along with constant comings and goings of 4x4s, more destruction of the Biddulph Valley Way by horse hooves, more of the summer joys of piles of stinking horse manure loaded with tetanus and swarming with flies.

Without doubt the sheds allowed to mushroom over the site will also be used as a precursor to sell the land off to commercial builders with the hope of changing the planning permission further.

Please leave the land usage of this ancient site as agricultural only, better still, make the old path along the bank of the Biddulph Brook from Marsh Green Road to Bailey's Wood an official right of way...

Yours,

Denver Johnson
