Dear Sir,

Referring to the above application requiring another agricultural unit for change of use to Storage Distribution at Park View Farm, Cauldon.

This is the 5th application for change of use on these farm buildings.

It is now becoming the makings of a Commercial / Business premises and not an Agricultural Smallholding.

As you are already aware of the traffic this will incur along Dukeshire from previous applications.

We are in close proximity to Park View

object to the above plan

Yours faithfully
