Comments: I fully support the application for a rear garden room at 61 Charles street . When I moved into my property next door to 61 it was a full down council owed property in a poor , unloved & shabby looking state. Since then the property has been bought back to life & renovated to a truly beautiful style with the hard work & dedication of mr & mrs mills

They tirelessly work on the property , whilst both holding down full time jobs , running a successful local business & raising a family

I have lost count of the number of times people stop & admire this stunning home ,

Some often take pictures of it because it really is stunning

By no way does a rear garden room effect my view out of widows & can only be yet another improvement on this beautiful home

I question why anyone would complain about this when we unfortunately have flats to the rear of our properties, which in my opinion are much more of an unsightly view being as they are of a higher structure then any Garden room!
