Submission: Objection

Comments: This application has been created with a view to allow the developers to ignore the fact that there is an existing community already in Cresswell. In Cresswell we have always had problems with traffic as it is on a route that is used by commuters using the Hilderstone Road from Sandon. With the application as it stands will increase this traffic with nothing to alleviate the situation. Whilst construction takes place the squeeze point on the hill by Blythe Cricket will not be safe for pedestrians or cyclists, it has always had problems with lorries, two lorries cannot pass at this point. Additional housing within Cresswell without thought given to alleviating existing traffic problems and in fact adding to those problems is not the action of a reasonable developer or planning authority.
