Submission: Objection

Comments: I have lived in this area for over 55 years and am extremely distressed at the thought of my home being turned into some industrial estate with HGV traffic and noise.

I thought I was going to be able to live out my days in my beautiful village where I brought up my children in a healthy environment. Instead I will be exposed to cancer causing substances from a disturbed landfill site?

This simply CAN NOT go ahead. It is going to be a monstrosity in a small rural village? What are the council thinking even considering 3 story houses? It will be a complete blight on what is a beautiful quiet village full of wildlife. Not to mention the dangerous high volume traffic it will bring to the area, I have great grand children? Is nothing sacred anymore?
