Submission: Objection

Comments: I want to make my objections known to the above planning application.

The chaos due to obstruction of the access road by third-party and HGV parking on the access road is a major concern. It is currently difficult enough walking this road without risk of being hit by lorries and cars outside Izaak Walton House, It is unimaginable how dangerous it is going to be to residents if this build goes ahead.

The proposed three-story apartment blocks at the entrance to the development are not in keeping with a small rural hamlet? They will be a blight on Cresswell.

The application for a Helipad???? This can not be a serious plan? Amongst ALL of the other plans please do tell us how you propose to fit this in? We residents are literally going to be boxed in by all these plans. It is a joke! What is going to happen to the historical farms and the wildlife?

And last but definitely not least, does no one care about the fact that this build is going to disturb highly toxic carcinogenic materials which can not be 'safely removed' without being let out into the atmosphere and water table? The council are aware of this and yet it seems that the health and safety of residents in Cresswell is of no interest. WHY?

There are so many reasons why this proposed plan should be refused that it is actually laughable that we are having to fight it.
