Submission: Objection

Comments: The proposed new buildings would be an eyesore that I would wake up to and see every morning as the proposed area is right behind my back garden.

I originally purchased the property for the view from the rear, this build would nullify that completely.

Cresswell is a beautiful, small hamlet and the proposed planning would ruin that image.

The increased traffic would also be unsustainable for Sandon Road as it is already full of potholes and is consistently congested due to traffic, HGV's and the trainline.

Work commute would be a nightmare on the local residents and would not benefit us in any way.

Noise and light pollution would also adversely affect most residents of Rookery Crescent.

The land behind my property (No. 26) was deemed toxic because of the waste produced by the colourworks.
