Submission: Objection

Comments: Major concerns of how close the house is to our garden privacy aspect and natural light making our garden and house shady No lack of housing in the area and believe the property may be used for holiday accommodation causing potential noise I believe building a new property would have a negative effect on the local amphibians mammals especially as we believe there are newts living closely. The original property is a character semi and think it would have a negative effect on the other property especially as they have already modified with a large protruding loft conversion Parking is already a concern on the roadside this new build would cause more problems already on a really bad hazardous pull out drive I hope you will take my above concerns into account
