Mr Dawson
20 Lancaster Avenue
Leek
Staffordshire
ST13 6AX

Application no: SMD/2022/0316

Determined on: 21/07/2022

Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015

APPROVAL OF RESERVED MATTERS

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:
20 Lancaster Avenue Leek Staffordshire ST13 6AX

Description of Development:
Approval of Reserved Matters regarding scale, siting, appearance and landscaping in relation to application SMD/2021/0539 and the discharge OF conditions 14 and 15 of SMD/2021/0539.

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **APPROVES** the following matters which have been reserved for later approval on the grant of outline planning permission for development.

1. The development hereby approved, including finishing materials for the dwelling and surfacing materials, shall be carried out in complete accordance with the submitted plans and specifications as follows:-

   RLM1052/1B
   RLM1052/2C
   RLM1052/3

   Reason:-
   To ensure that the development is carried out in accordance with the approved plans, for clarity and the avoidance of doubt.

2. The front boundary hedge shall be provided before the development is first brought into use. The hedge shall be subsequently properly maintained in accordance with good horticultural practice; any plants which are removed, die, become diseased

or otherwise fail to establish within 5 years of planting shall be replaced during the next available planting season and the replacements themselves shall then be properly maintained.
Reason:-
To ensure the appropriate landscape design and in the interests of the visual and residential amenities of the area

3. All areas within the site, other than the areas of hardstanding and parking area as shown on the approved drawings shall be grassed over prior to the development being first brought into use.
Reason:-
In the interests of visual and residential amenity.

4. All boundarty treatments, as shown on the appoved plans shall be installed prior to the first occupation of the development hereby approved.
Reason:-
In the interests of visual and residential amenity.

In pursuance of theIr power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **DISCHARGES** conditions 14 and 15 of Outline Planning Permission SMD/2021/0539 subject to the development being carried out in accordance with:

Condition 14 – Demolition, Constrruction and Enviornmetnal method Statement dated 14th February 2022.

Condition 15 – Peak Acoustics – Noise Impact Assessment dated 2/2/2022

Informative

1. This is considered to be a sustainable form of development and so complies with the provisions of the NPPF.

X JColley

Signed by: Jane Colley Signature

On behalf of Staffordshire Moorlands District Council

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at buildingcontrol@staffsmoorlands.gov.uk

1. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.

2. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
   (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
   (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

3. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

4. The permission is granted in strict accordance with the approved plans. It should be noted however that:
   (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
   (b) Variation to the approved plans will require the submission of a new planning application.

5. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

6. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

7. If this is a decision to refuse planning permission for a minor commercial application, and you

want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

8. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.

9. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk

10. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

11. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

12. Domestic sprinklers
Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install.
Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building.
The chance of an accidental discharge is 16,000,000:1
If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)

13. Working smoke alarms correctly positioned in your home can save your life.
The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month.
Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
