Comments: There is no need for more takeaways to be built in the area. These takeaways will not last properly and will reflect negatively on the towns future, these also look run down and poor, plus throughout the back of many takeaways there always seem to be messy wet cardboard. The town should allow opportunities for these buildings to be used in a matter where there is a gap in the market with highly predicted footfall, this would benefit the town more than another takeaway, such as a nice coffee shop that also offers takeaway coffee this would be more popular for students, younger persons, and local people who would use it for socialising and work breaks. There is a Mexican takeaway in the works apparently and I believe this has the potential to increase interest from locals and potentially outside of the area due to it being fairly uncommon rather than another pizza shop that we simply just don't need.
