18 July 2022

Dear Sir or Madam

PLANNING APPLICATION: SMD/2022/0340

Approval of all reserved matters in relation to outline planning permission SMD/2020/0413. Redevelopment of former public house and associated car parking to eight residential houses; The Miners Rest, 158 Froghall Road, Cheadle

Thank you for your consultation letter of 30 June 2022 seeking the views of the Coal Authority on the above planning application.

The Coal Authority is a non-departmental public body sponsored by the Department of Business, Energy & Industrial Strategy. As a statutory consultee, the Coal Authority has a duty to respond to planning applications and development plans in order to protect the public and the environment in mining areas.

The Coal Authority Response:

Conditions 7 and 8 of the planning permission seeks to address coal mining legacy issues.

In terms of providing comments in relation to this planning application, it is noted that the submission is a reserved matters application in respect of outline planning approval reference SMD/2020/0413 and that there are no coal mining legacy features to dictate any development layout.

On the basis that the LPA are satisfied that coal mining legacy related issues could be addressed as part of the discharge of condition application, **the Coal Authority has no objection to this planning application.**

Please do not hesitate to contact me if you would like to discuss this matter further.

Yours faithfully

Chris MacArthur

Planning Liaison Manager

General Information for the Applicant

Under the Coal Industry Act 1994 any intrusive activities, including initial site investigation boreholes, and/or any subsequent treatment of coal mine workings/coal mine entries for ground stability purposes require the prior written permission of The Coal Authority, since such activities can have serious public health and safety implications. Failure to obtain permission will result in trespass, with the potential for court action. In the event that you are proposing to undertake such work in the Forest of Dean local authority area our permission may not be required; it is recommended that you check with us prior to commencing any works. Application forms for Coal Authority permission and further guidance can be obtained from The Coal Authority's website at:

<https://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>

Disclaimer

The above consultation response is provided by The Coal Authority as a Statutory Consultee and is based upon the latest available coal mining data on the date of the response, and electronic consultation records held by The Coal Authority since 1 April 2013. The comments made are also based upon only the information provided to The Coal Authority by the Local Planning Authority and/or has been published on the Council's website for consultation purposes in relation to this specific planning application. The views and conclusions contained in this response may be subject to review and amendment by The Coal Authority if additional or new data/information (such as a revised Coal Mining Risk Assessment) is provided by the Local Planning Authority or the Applicant for consultation purposes.
