Dear Sir/Madam

Ref: Application SMD/2022/0199 Reserved matters application and associated discharge of conditions 3,11 and 13.

We strongly object to this application for reserved matters and discharge of conditions and should not have been validated at the same time.

This is another example of the SMDC trying to rush through this before the deadline of October.

Once again, the process for consultation has been ignored in the hope that we the residents, whom some have lived in Tean for over 50 years will just sit back and accept our landscape, established trees, hedges, wildlife being destroyed by a company that has a track record of complete disregard to any conditions set out.

Enzo's estate have already been fined for cutting down established trees, they have a rating of 1.9 from reviews. Is this really a company that SMDC want to get in bed with?

At what point do the SMDC realise that companies like Enzo's are just in it for profit and nothing else. They do not care what impact they have on our community and impact it has on wildlife, protective and native species.

The cumulative impact of their actions will have a massive detrimental effect on our area.

If we the residents do not appeal this, then who will?

Do the SMDC truly care about local communities and impacts that companies like Enzo's have when they are allowed to come in destroy our landscape, effect the eco balance and then just walk away leaving us the residents who live here to pick up the pieces?

Yours sincerely

Mr and Mrs J Perrett
