Submission: Objection

Comments: We object to the proposed application to establish a luxury helicopter manufacturing and operation facility. In our opinion this will ruin our hamlet of Cresswell. I (Mr) have lived in Cresswell all my life (34 years). The reason I have continued to live here into my adult years is because it's nice and quiet and there are several different walks to take my 3 children on, whilst on those walks there are lots of wild life for them to enjoy. Building the helicopter facility will totally destroy what Cresswell stands for. The location of the facility is close to my property and the noise that will be produced from it will be horrendous. The constant noise of the facility will have a detrimental affect on Cresswell, the people who live in Cresswell and the wildlife. I believe peoples mental health will suffer tremendously if this application is successful as people who usually get out to enjoy the quiet walks and wildlife to relax and de- stress will have that ripped from them and will not be able to enjoy it anymore as the constant noise will be unbearable. Also, the amount of extra traffic that this will produce will be dangerous. At peak times the traffic on Sandon road is already ridiculous. There is a pinch point up the hill by the old Isaak Walton public house where 2 lorries cannot pass safely. In my opinion it's just a matter of time before a serious accident occurs, this added amount of traffic will surely escalate these chances.

Cresswell is a hamlet, it always has been a hamlet and should stay a hamlet. These proposed developments are not in keeping with the rural surroundings.
