Submission: Objection

Comments: As a local resident of Cresswell I strongly object to this planning application. This will impact directly on our privacy as we are so close to the site. The boundary is less than 3metres from the boundary of our house. It will be a hazard to the A50 causing possible crashes from drivers being distracted. Also possibilities of the testing of the helicopters coming down onto the A50 or onto railway tracks causing multiple possible deaths. There is 164 proposed new houses to be built in Cresswell which will struggle to sell because of this helicopter factory.. Plus the extra traffic it will create will impact massively on the local area. I find it unbelievable that this application is even being considered. There is so much danger, air pollution, disruption, not to mention the noise pollution will be horrendous. Surely there is over a 1000 more suitable sites that this factory can be built on? where there is less residents and less hazards involved.
