Mrs. Nina Bagnall, 20 Sandon Road, Cresswell, Stoke on Trent, ST11 9RB

Application: SMD/2022/0275

Hello,

I am writing to the planning office today to complain most strongly about the application in Cresswell for a proposed Helicopter Manufacturing business.

People choose to live in a country Hamlet for peace and quiet; to be surrounded by fields and farmland. Fumes from helicopters can cause respiratory symptoms, headaches, and nausea. I am a chronic asthmatic and came to live in Cresswell for the fresh air. A helicopter manufacturing business would erode all of this and quite frankly is unwelcome.

Collectively residents are pulling together to object to this latest proposal but understandably we are not many in number yet are courageous and have a great deal of tenacity therefore the planning department should understand and take this into consideration when making decisions on our behalf.

Helicopters are bad for the environment as the volume is greater than that of airplanes or road traffic and a single helicopter generates noise pollution for a broad area of homes around and underneath. There is no doubt that there will be an inevitable disruption that it causes to us the local residents.

Kind Regards

Nina Bagnall
