Submission: Objection

Comments: I strongly object to this proposal. Having only moved to this location 5 months ago, we are already going through the disruption and disappointment of having beautiful green space being destroyed by developments. One of the main reasons of buying the property that we have was because of the unspoiled views. It's saddening to think that these rural spaces are being destroyed for over development purposes. Tean is a small village with limited primary school spaces, one oversubscribed GP surgery, limited shopping and no dentist. High schools are not walkable for students, either having to rely on parental transport, increasing the already heavy traffic congestion of Cheadle road, or expecting children to wait at a bus stop that has no pavement. Adding more family homes to a village that can not support the additional occupancy is a terrible idea. There are already limited activities for young people to be involved in and by increasing the young population this could create more anti-social behaviour.

The additional traffic that this development will create to an already heavily used road will cause more traffic problems and more inconvenience to the existing residents. Tean does not have an adequate infrastructure for further development.
