Submission: Neither

Comments: What measures are being taken to protect the retained land to the rear of the properties on Eversley Avenue. Additionally, I have concerns regarding the status of a very large tree to the rear of my property, and number 6, which is rooted very close to the rear of the garages to the rear elevation of the site. It would appear likely that the removal of any retaining structures could destabilise the tree which would lead to the potential for significant damage to our adjacent land and property. Can you please confirm whether these issues have been considered and how it is proposed to address my concerns.
