Submission: Objection

Comments: Thankyou for your letter re the proposed development at 34 Brentwood Drive Werrington. After consideration I wish to make the following points in objection to the proposal:

1 I spend a considerable amount of my waking hours in my conservatory, lounge and study which are all located at the back of the house. The proposed extension would significantly affect the natural light coming in to these rooms.

2. Being forced to spend a significant part of my day having to look at a brick wall instead of sky would have an adverse affect on my mental health and wee-being. Living in rooms that are constantly darker and over-shadowed would impact strongly on my quality of life.

3. I consider this extension to be monstrosly large and overbearing for the size of the plot and therefore not in keeping with the rest of the road. Surely for a couple and one child this is excessive in the extreme?

If you would like to visit my home to see for yourselves the impact of the proposed extension then you would be most welcome.

Please consider my objections when making your decision.

Mrs. J. L. Jackson
