Email:
Submission: Objection
Comments: I wish to object on the grounds that firstly, the hip to gable will unbalance the pair of semi's, in which No.57 is situated. This in turn results in an incongruous addition to the street scene.

Secondly, The dormer would also result in an overbearing impact upon the street, our house and additionally would cause a loss of privacy within our home and gardens.

Thirdly, There is also no details of finishing materials that will be used. If UPVC cladding is used, this would look unsightly and further obscure the street scene.

Finally, the installation of rooflights to the front give the appearance of a three storey dwelling not a two storey one.
