Hello first of all we are very disappointed after living and paying council tax for 41 years at Inkerman terrace you deem it unnecessary to contact the row regarding this application. The area around Abbey green is peaceful during the daytime only last night youths were racing up and down Sainsbury's car park making a lot of noise creating a nuisance for residents . We do not want this application pasted by smdc ,mill Street is bad enough without any more traffic which will be created with a drive through by McDonald s . [Outlook for Android](#)
