Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposed changes have been designed to update the operational safety elements of the lock to ensure both the structure and its componentry complies with national Navigational Safety Standards. They are the quadrant surfacing, the lock ladder and the balance beam. Both the quadrant surfacing and the changes to the lock ladder are interventions that have previously been carried out (with consent) at Lock 12 on the same flight (2020).
