Application SMD/2022/0037

Applicant Mr Jervis

Location. 57 Churchill Road Cheadle

Dear Sir/Madam

I email to object to the above planning application for the following reasons

DESIGN

The proposed dwelling is of a design which is in keeping with the scale and character of all other dwellings on Churchill Road, all having hip roofs, the application will remove this, and the property will be turned into a gabled ending building looking very out of place and obscure in this area, it will also block out the space of mine and other properties .

PRIVACY

The proposed bedroom dormer window will lead to a significant reduction in privacy at my property (unless the windows will be obscured) not on the plans.

The windows will be directly positioned to view my bedroom and kitchen and dinning room.

Please feel free to come and view this. The height and proximity of the development would be unreasonable overshadowing would occur and private areas would be over looked.

Although the property in question already looks over, and this has always been the case this alteration will make it even worse.

Regards

Miss C Chell

22 Victory Crescent

Cheadle
