Dear

In my recent comment re planning at Daisy Bank farm I referred to the hedge which forms the boundary. I meant to say “the base of the hedge is 5 / 6 foot above the current path.”

If you can't change it then please advice me how to

Comments: How can a third party put in a planning request without notifying the owners of the property that is effected. The plan proposed requires the removal of approx 200 yards of mature hedge. This will result in increased noise pollution to the residents of Furlong Drive and will reduce the security to the back of the properties. The current hedge is five / six foot above the road. The plan put forward does not fully address this issue. Any proposed plan should at least take the above issues into consideration prior to submission.
