Submission: Objection

Comments: I object to this development on the following basis:

1. Proposed flight times disturb local population which consists of hundreds of school age and young children bedtimes so will cause significant disruption and stress
2. Countryside location of homes, farms (including animals) will be significantly disturbed due to level of noise which is excessive for domestic dwellings.
3. Proposed level of use for flight testing/training is excessive and will case severe disruption to local population
4. Access to facility will case significant traffic in an area where congestion already occurs
5. This is a rural area, please don't spoil it, many residents chose to live here because of this.
