Submission: Objection

Comments: I object to the production of the helicopters in rural villages

Which would create excessive noise and pollution, also the excessive hours

I also object to the increased volume of HGV vehicles through the village as we are a quiet village

And don't wish to be a manufacturing town.

It most likely will have a devastating effect on the value of our properties.

If the council do agree to the plan how much compensation will they give us for devaluation of our
Properties.
