Submission: Objection

Comments: We understand that the original application has no reference to helicopter manufacturing or testing so should not be classed as 'reserved matters'.

Our concerns at this stage are as follows:

-Flight hours are too extensive.

-Proximity of houses holds a safety concern that has not been proven otherwise.

-HGV routes need more consideration and risk assessing.

-Aviation Fuel transportation and storage requires more consideration and risk assessing.

-More reports are required with regards to the environmental impact, flooding impact, noise pollution and increased traffic for all surrounding villages and A50.

-More reports are required with regards to proposed flight paths and risk assessments.

- sustainability of the proposal in the longer term as these are luxury helicopters not those used and required by our public services.

There has been only limited local consultation and there is certainly a lack of awareness in Fulford Village about the proposals and potential impact.
