100mm to 225mm diameter sewers

Thank you for your consultation.

Having reviewed our statutory sewer records, they demonstrate the following sewer with associated protective strip:

- 150mm diameter foul sewer – with a protective strip of 3m either side of the pipe, thus providing 6m across the diameter to the pipe.

In the interest of being environmental friendly, encouraging the reduction the of paper, we politely request you direct your client to our website to obtain our application forms:
