19th August 2022

Dear Sir

Re: DOC/2022/0035

We are writing to object to the above proposals. We feel it will have a potentially disastrous effect on local wildlife through damage to their habitat coupled with the additional noise which will inevitably cause fear not only for wildlife but also domestic pets and service dogs like guard dogs.

There will also be unwarranted light and noise pollution. Road use will increase which will cause distress to residents particularly elderly or vulnerable members of the public.

Transport will suffer particularly emergency services. The sky will also be more crowded interfering with police and air ambulance activity.

Also bearing in mind that Fulford village is in a conservation area.

Overall it is not warranted to allow the application.

Yours faithfully

Mr Mark Harrison and Mrs Joanna Harrison.
