Application no: SMD/2022/0135

Determined on: 12/09/2022

**Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015
(as Amended)**

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:

54 Meadow View Froghall Road Ipstones Staffordshire ST10 2NA

Description of Development:

Proposed 2 storey side, single storey rear with detached garage

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason:-

To comply with the provisions of Section 51 of the Town and Country Planning, Planning and Compulsory Purchase Act, 2004.

2. The development hereby permitted including the finishing materials shall be carried out and completed in accordance with the following amended approved plans:

01150 03 Revision B received on 25.5.22

01150 04 Revision B received on 25.5.22

01150 05 Revision B received on 25.5.22

Reason:-

To ensure that the development is carried out in accordance with the approved plans, for clarity and the avoidance of doubt.

3. Before the development hereby approved is first brought into use, all protection and enhancement measures for birds and bats outlined in pages 17 to 23 of Christopher S Smith Preliminary Bat Roost Assessment and Bird Survey Report dated 15.8.22 shall be undertaken and completed including:

1. Precautionary demolition/ construction methods to be followed as per the survey report
2. New bat and bird features to be provided as specified in report
3. 3 no. swift nest features to be provided. within apex points of front and rear elevations
4. Landscaping scheme submitted pursuant to condition 5 below to include biodiversity enhancements.

Reason:-

In the interests of protecting the ecological value of the site.

4. The garage building hereby approved shall be used solely for the parking of vehicles or for domestic storage purposes in connection with the residential use of the site and shall not be used as a separate unit of accommodation or separate dwelling and shall not be used for any business or commercial purposes.

Reason:-

In order to protect the character and amenities of the area.

5. Planting in the proposed planters shown on the site drawing together with additional native planting elsewhere on site shall be undertaken before the development hereby approved is brought into use in accordance with full details soft landscaping to be submitted to and approved in writing by the Local Planning Authority These details shall include:

- Planting plans
- Written specifications (including cultivation and other operations associated with plant and grass establishment)
- Schedules of plants, noting species, planting sizes and proposed numbers/densities where appropriate
- Implementation timetables

Reason:-

To ensure the appropriate landscape design and in the interests of the visual and residential amenities of the area and also to protect and enhance the ecological value of the site.

6. The implemented planting scheme shall be subsequently properly maintained in accordance with good horticultural practice; any plants which are removed, die, become diseased or otherwise fail to establish within 5 years of planting shall be replaced during the next available planting season and the replacements themselves shall then be properly maintained.

Reason:-

To ensure the appropriate landscape design and in the interests of the visual and residential amenities of the area and also to protect and enhance the ecological value of the site.

7. All proposed new windows on the north and south side elevations of the extensions hereby approved as shown on the above drawings shall be fitted with obscure glazing to level 5 (minimum) from the Pilkington range or equivalent. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or as subsequently may be amended or re-enacted) those windows shall not be re-glazed with any transparent materials and shall not be enlarged or otherwise altered, nor shall any additional window or other opening be formed in that elevation unless a further planning permission has first been granted on application to the Local Planning Authority.

Reason:-

To protect the amenity and living conditions of the adjoining residential properties from overlooking or perceived overlooking.

8. There shall be no access from the dwelling to the flat roof hereby permitted which shall not be used as a balcony, veranda, patio, terrace or raised platform at any time.

Reason:

To protect the amenity and living conditions of the adjoining residential properties from overlooking or perceived overlooking.

Informative

1. The Council has sought (negotiated) a sustainable form of development which complies with the provisions of paragraphs 186-187 of the NPPF.

On behalf of Staffordshire Moorlands District Council

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at BControl@staffsmoorlands.gov.uk
1. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.
2. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a “condition precedent”. The following should be noted with regards to conditions precedent:
 - (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
3. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
4. The permission is granted in strict accordance with the approved plans. It should be noted however that:
 - (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
 - (b) Variation to the approved plans will require the submission of a new planning application.
5. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
6. If the decision to refuse planning permission is for a householder application, and you want to

appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

7. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
8. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
9. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>
10. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
11. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
12. Domestic sprinklers
Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install. Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building. The chance of an accidental discharge is 16,000,000:1
If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)

13. Working smoke alarms correctly positioned in your home can save your life.

The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month.

Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
