Submission: Neither

Comments: In regards to the proposed acoustic fence to the outer boundary of The Gables Donkey Lane. This was agreed to after a site visit between myself, Peter Holker from Persimmon and Julie Howard from SMDC planning. At the moment the new road into the development passes to the rear of my property and next to my patio/ seating area. Even with my hedge, this does not stop the dust, noise and pollution coming through the hedge. The main site entrance is next to my patio, and delivery vehicles wait to enter with their engine's running, therefore exhaust fumes coming through the hedge. Even when the development is complete this will not get any better, with this being the main road into the estate and new school. I believe this to be little compensation with everything we have suffered to date, but possibly make it a little easier to enjoy my garden.

Steven Thornton
