Land off Bemersley Road

Further to my previous comments and as more details have been confirmed

I would like to add

The suitability of the planned route of access

has not been considered at all.

The route taken by the HGV's to access the site would

pose a danger to both vehicles and pedestrians. Norton Lane

is too narrow for such vehicles and also has a weight restriction limit.

The heavy vehicles would pass a school, a doctors surgery that has no or little pavement outside , this surgery is very busy . The route also passes our local park and play area .

The only viable place for these heavy vehicles to wait before entrance to the site could only be adjacent to the park and play area .
