Comments: With the no doubt increased traffic that this would bring to the town, I do have a couple of reservations.

Firstly, in the absence of pedestrian footpath on the bridge over the River Tean (next to Huntsman Public House), provision should be made for the installation of a footbridge.

Secondly, in order to manage traffic around the proposed site, consideration should be made about installing a mini roundabout at the crossroads of A521 (Delphouse Rd/The Green), Brookhouse Road, and Draycott Cross Road. This would alleviate pressure at this already busy junction, as well as act as a traffic calming measure for traffic into Cheadle from the west.
