Comments: I do support the planning application in principle, as I believe it provides something different to what we have in town, somewhere cheap and cheerful, where you can take children. I am concerned that the two proposed disabled bays out of 55, does not comply with planning regulations, as this is only 3.6% of the bays instead of the required 6%, as disabled people are less likely to be able to walk to the site, and lack of public transport to it, this is an issue that I believe needs addressing before planning is granted.
