To whom it may concern,

It's about time Leek starts to get a sustainable and regulated fast food chain. As opposed to the other "fast food" takeaways that have been in Leek for years and are not sustainable, eco friendly and are not regulated and operated the same. On local community social media pages people moan about quality and cleanliness of these other food outlets and it would be nice to see a reliable and safe restaurant come into Leek.

I am writing to register my support for the proposed McDonald's Drive-Thru for Leek on land adjacent to Sainsbury's on Churnet Way, Staffordshire Moorlands. A McDonald's store here will provide all important jobs.

I support this application because McDonald's will be better for the area than the existing site.

I also think that the McDonald's application should be approved because a new McDonald's would provide over 120 jobs for the local community and create further employment opportunities during construction and through the supply chain.

I, and many other local people, support this proposal because it will be good for Leek. I hope the council is able to support this application.

Kind regards,
James Edwards
