Subject: Neighbour Letter - App ref SMD/2022/0359
Date: 26 September 2022 22:07:35

In regards to recent correspondence relating to amendments of the proposed development plan, I can confirm that the comments in my previous email have not changed.

Road safety, wildlife detriment and harm to the landscape are still major concerns to name a few. The revised plan offers no solution to the points raised in my previous submission.

Kind Regards

Thomas Ryder
