Submission: Objection

Comments: I strongly object to this proposal. It really doesn't make sense. We already have a 'lane' with a 'pinch point' which is already consumed by far too much traffic.... half of which seem to use it as a speed trial. It's like the m6 morning and night with tractors and 40ft lorries in between. A stretch of road which has already seen its fair share of accidents. I'm sure it's not going to be long until there's another. So, with a 'cut through' which already has far too much traffic we then have the prospect of nearly two hundred houses being built...more traffic, more noise. We now have the prospect of a helicopter factory...more traffic, more noise. Then throw in the pollution. Who in their right mind is going to want to purchase a new property with noisy polluting helicopters flying overhead?! As several people have pointed out also throw in the harm to the local wildlife and farm animals. Surely there's got to be more suitable areas other than what used to be a quiet hamlet known as Cresswell.
