Subject: SMD/2022/0343 Totmonslow Farm Solar Farm

Categories:

Forsbrook Parish Council would like to object to this development on the following grounds:-

The proximity to the dwellings of some of our neighbouring Parish residents.

The development will encase their properties, the noise levels of the inverters for the development are unknown and will cause considerable mental and health distress to the residents living within 25v metres of this proposed scheme.

No information has been presented on the impact of the glint and glare from the panels again on the residents and the adjacent A50.

CCTV is planned for the site with rotating cameras this affords the residents no privacy.

The loss of bio diversity and habitat by losing farm land that then essentially will never revert back to farm land.

The construction of the site will be a disturbance for the residents and the local neighbouring properties.

Kind regard

Dawn Plant
