Dear Planning Department,

Fole Dairy - Application number SMD/2021/0550 – SMD/2018/0234.

Further to the revised plans for Fole Dairy being submitted, I would like to say how pleased I am that the resident's views about road safety for houses 1, 48 and 37 have been taken in to consideration and the pathways leading onto the A522 have been removed in the new layout.

Containing the new development within a 'heavy duty fence and hedging' along the boundary of the A522, will not only help to retain the rural look of the hamlet of Fole, but it will greatly reduce the risk of on road parking for vehicles visiting or delivering to the new houses.

So long as gateways are not made in the hedging by the new householders in years to come, this change in design should greatly enhance highway safety on a very busy and fast section of the A522.

Kind regards

Mrs C. Flunder
