Submission: Neither

Comments: Objection: lack of infrastructure within the town, loss of natural habitat for wildlife and your suggestion to improve employment is greatly exaggerated and farcical. Following the recent building upon the old JCB site, this has highlighted what can be expected for disruption of the local residents and minor roads being used as a thoroughfare.

Having reviewed your survey concerning the traffic flow along Oakamoor Road, for this to be carried at in early October was a poor decision and inaccurately reflects the traffic flow. The Road is treated as a race track and vehicles rarely keep to the legal limit as this ends after the last 2 houses after Rudyard Way, this includes public service vehicles.

The parking allowance on the new site is ridiculous and will add to the possible parking nearby on the main road as this is effected already when events occur.
