Our area would benefit from Mark being at Crossways farm, Onecote as we don't have anyone local to the area who can be with us within minutes if a situation occurs that we desperately need someone. The location is perfect as it has no immediate neighbours and is a central location for our local farming community which is essential for our farming community. Mark and his team have a lot of respect for our animals before and after the inevitable has to be done which as family run farm, means a lot to us knowing our animals are treated with respect and the care that they deserve. We also have a couple horses and Mark and his team are very sympathetic with not just the animals but the owners as well where as other big companies just want to get the job done and get gone.
