Submission: Objection

Comments: I strongly object to the change of use of this green belt land. The size will double the industrial estate. There are empty units on the existing Blythe ind estate so why make it twice the size when the existing is not being put to full use. This is pure greed. I live less than 3 metres from the site. I live a good distance from the existing industrial estate. I did not buy a rural property in the country side to live next to an industrial estate or to live next at a potential airfield where they want to fly over 20,000 helicopters per year! The air population and noise, light, wildlife, traffic privacy. Needless to say the danger of one or more of the brand new design helicopter testing crashing over residential properties or traffic? The access will be through houses and not through the industrial estate?? The roads are not wide enough for large vehicles to pass? I find the handling of this application very underhand and I am disgusted and distressed by the whole idea of it!
