I support this application to build state of the art helicopters at Creswell as it will bring much needed well paid jobs & prosperity to this area. An area which is already steeped in nearly 100 years of aviation history, from designing and building and flying biplanes nearby at Meir Aerodrome and building the very first fighter jet like the Beaufighter at the old Creda factory which are both just a few fields away from the proposed site, it is an industry that this area was once famous for we have a golden opportunity to revive it.
